SUMMARY

Motivated and detail-oriented graduate with a Bachelor of Business Administration in Computer Applications (BBA CA) from Modern College and a PG Diploma in Big Data Analytics from BMCC College. Skilled in C#, database management, and software development with hands-on experience developing a Bike Showroom Management System project using C#. Passionate about technology, problem-solving, and learning new tools in software and data analytics domains.

TECHNICAL SKILLS

DBMS	EXCEL	DATA ANALYSIS
PYTHON	RESERCH METHODOLOGY	PROBLEM SOLVING
R PROGRAMING	POMQM	TEAMWORK & COMUNICATION

PROJECT EXPERIENCE

Bike Showroom Management System | C# & SQL Server Apr2025

- Developed a desktop-based Bike Showroom Management System using C# and SQL Server.
- Implemented modules for bike management, customer management, sales, billing, employee management, and spare parts management.
- Designed user-friendly forms for inventory tracking, finance management, and report generation.
- Integrated database operations for storing and managing showroom records efficiently.
- Improved data handling and billing processes through automation and structured database design.

Data Analysis on E-commerce Sales Trends MAY 2026

- Analyzed e-commerce sales data to identify customer purchasing behavior and sales trends.
- Used data analytics techniques to study revenue growth, product performance, and seasonal demand patterns.
- Created reports and visualizations for better business insights and decision-making.
